

**MANUAL DE TROCA E DESBLOQUEIO DE SENHA DO
ETOKEN PRO**

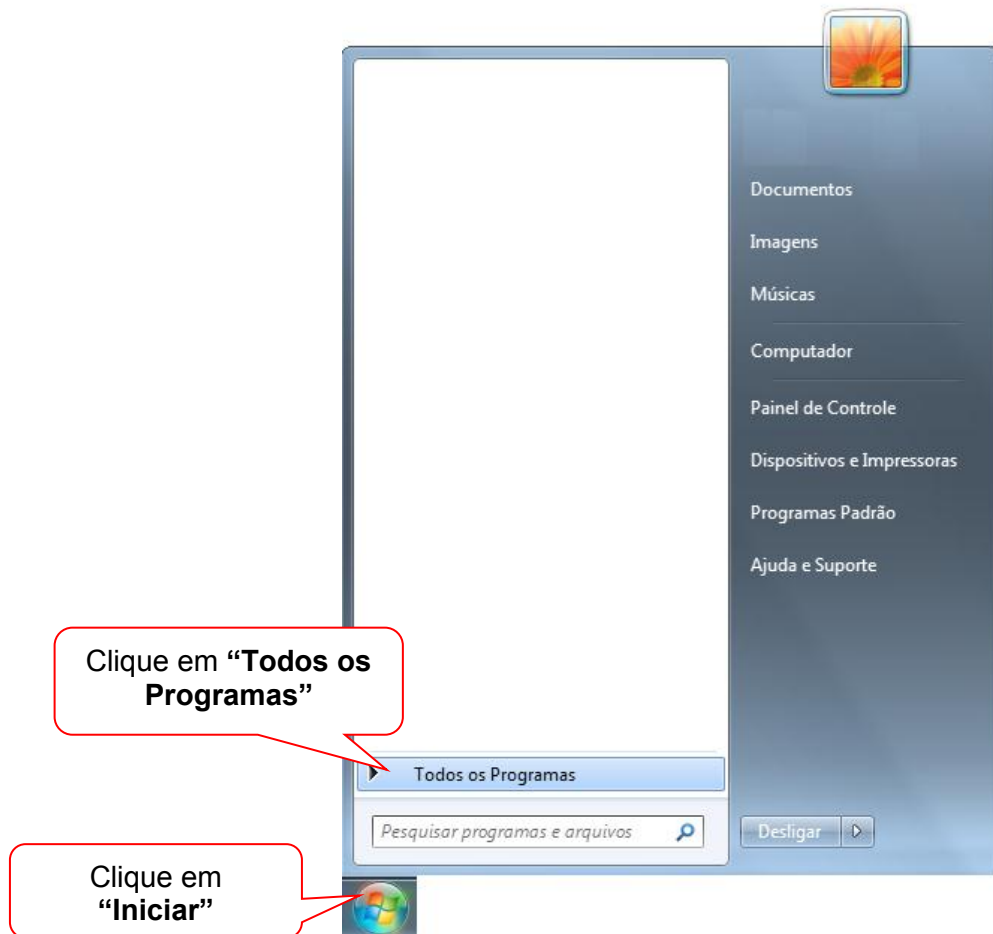

Versão 1

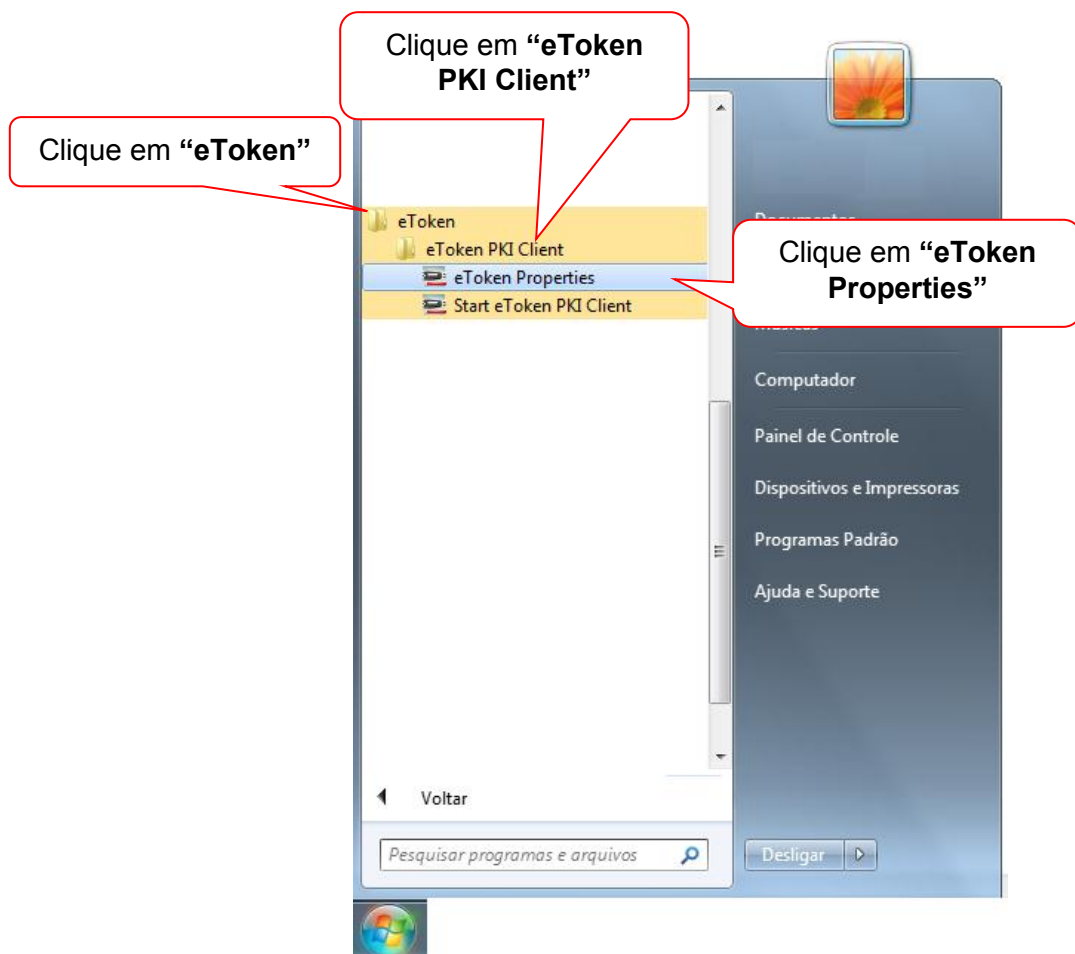

Siga os procedimentos abaixo para trocar a senha de usuário do eToken Pro.

1. Abra o gerenciador do eToken Pro.
 - 1.1. **No Windows XP:** Clique em “Iniciar” > “Programas” > “eToken” > “eToken Properties”.

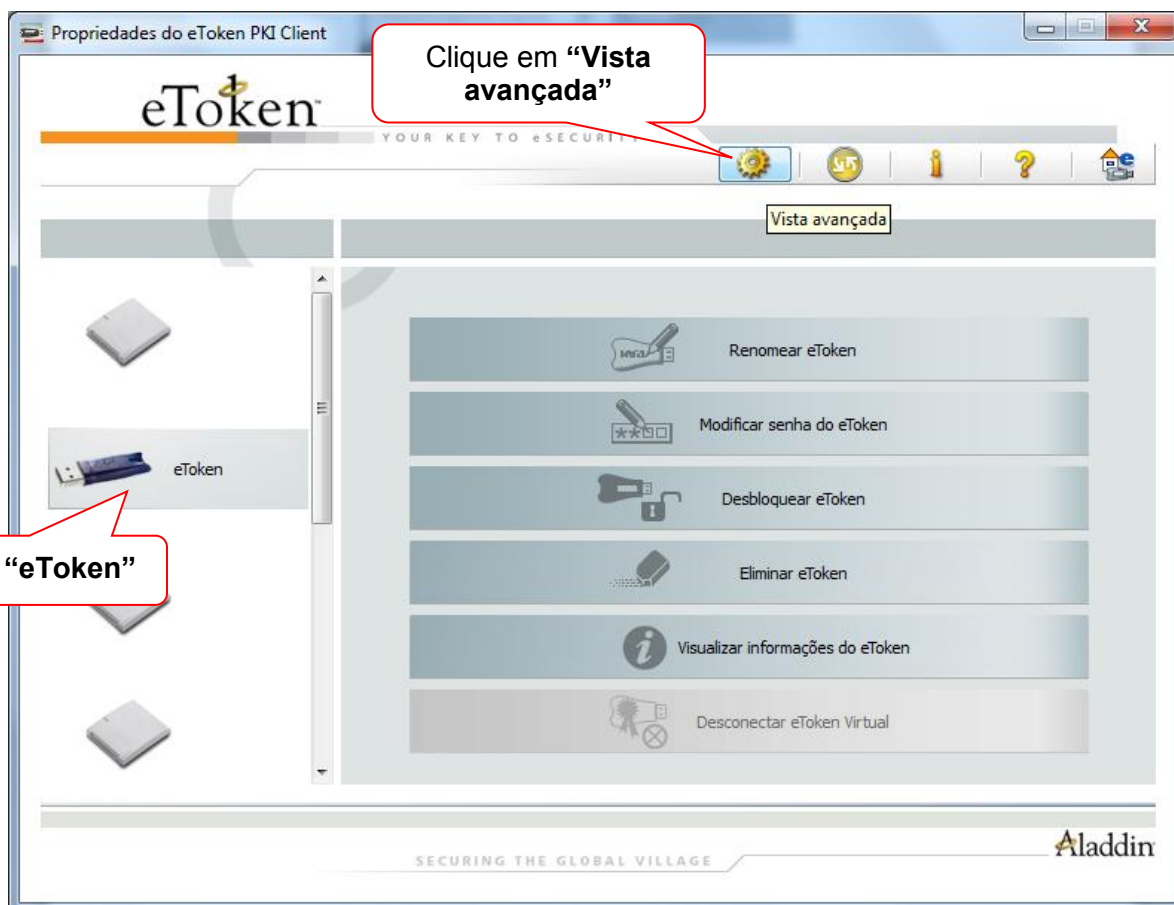

- 1.2. No Windows 7: Clique em “Iniciar” > “Todos os programas” > “eToken” > “eToken PKI Client” > “eToken Properties”.

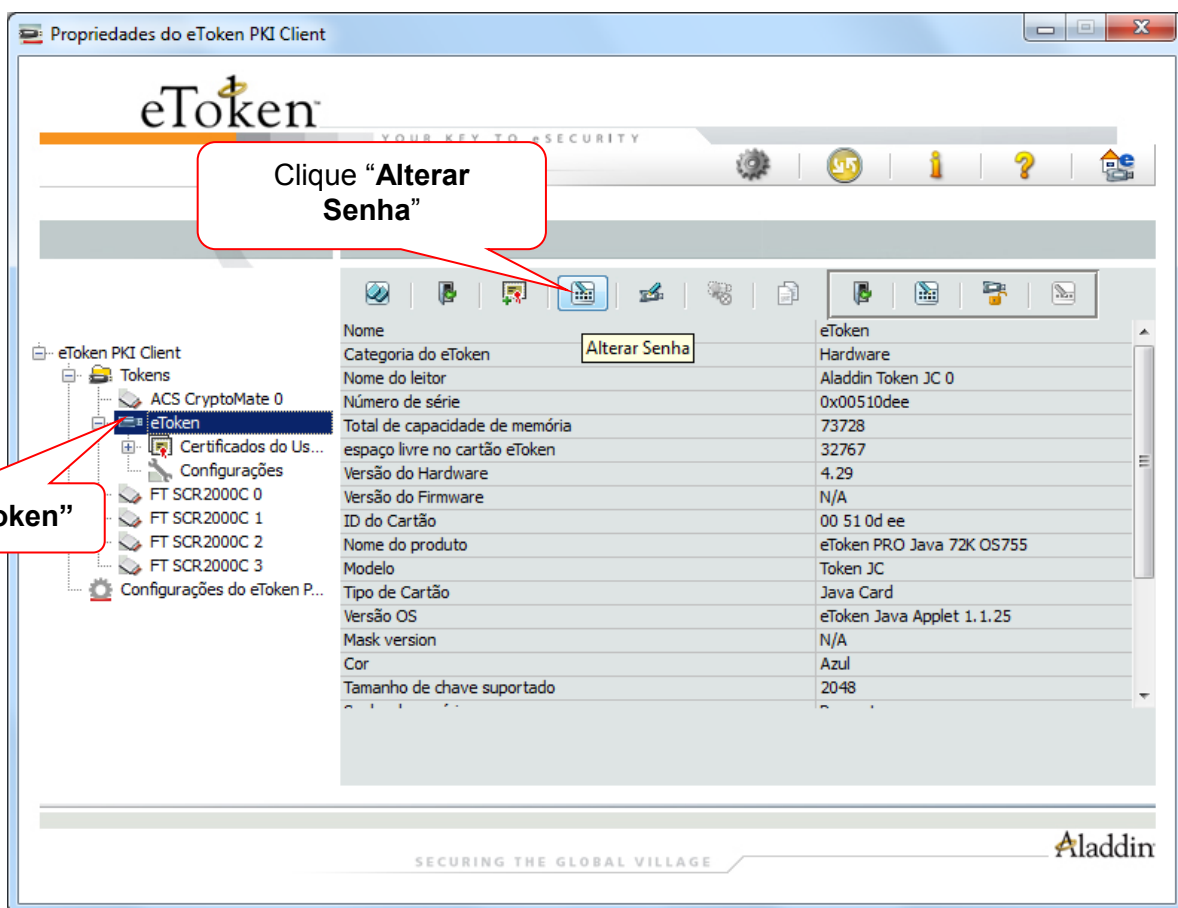

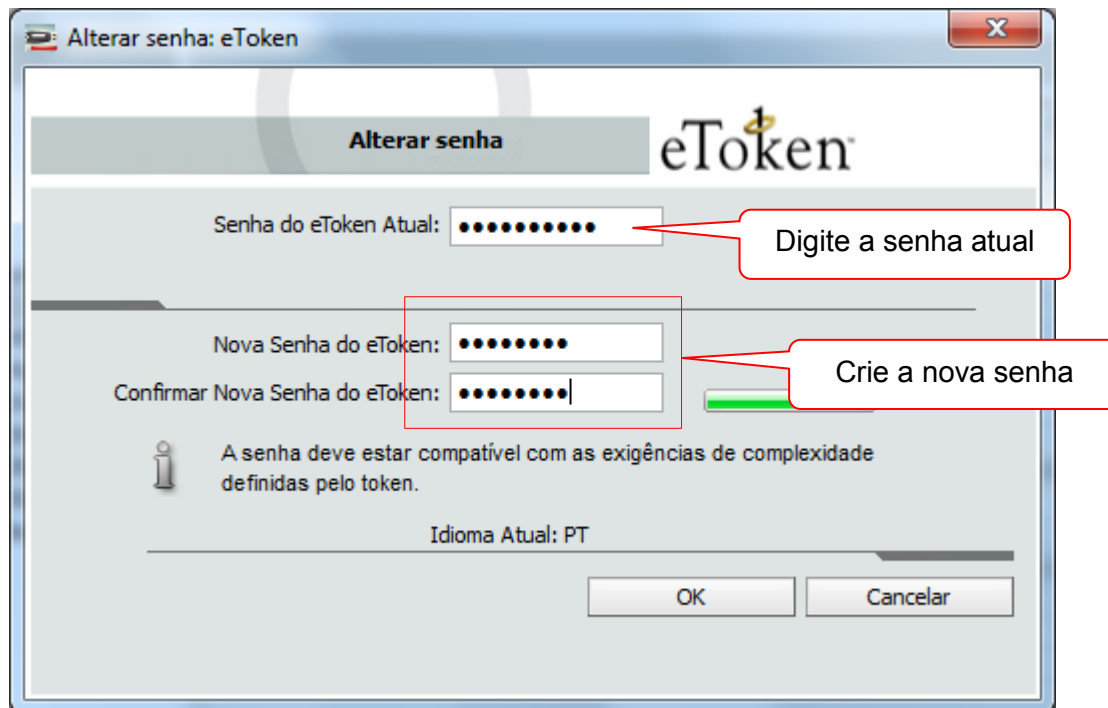

2. Selecione “eToken” e clique em “Vista avançada”.

3. Selecione “eToken” e clique em “Alterar Senha”.

4. Digite a senha atual e crie a nova senha.

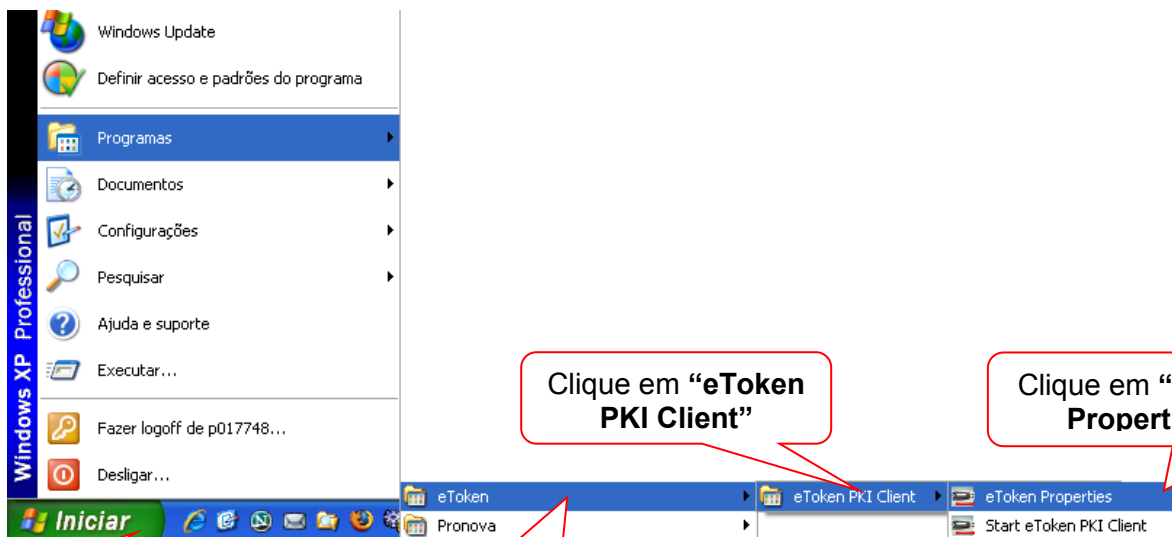

5. Pronto. Sua senha foi alterada com sucesso.

Se, ao tentar logar no eToken Pro, surja a mensagem abaixo, o mesmo está bloqueado. Ou seja, o usuário fez várias tentativas de logon com a senha incorreta.

1. Abra o gerenciador do eToken Pro.
 - 1.1. **No Windows XP:** Clique em “Iniciar” > “Programas” > “eToken” > “eToken Properties”.

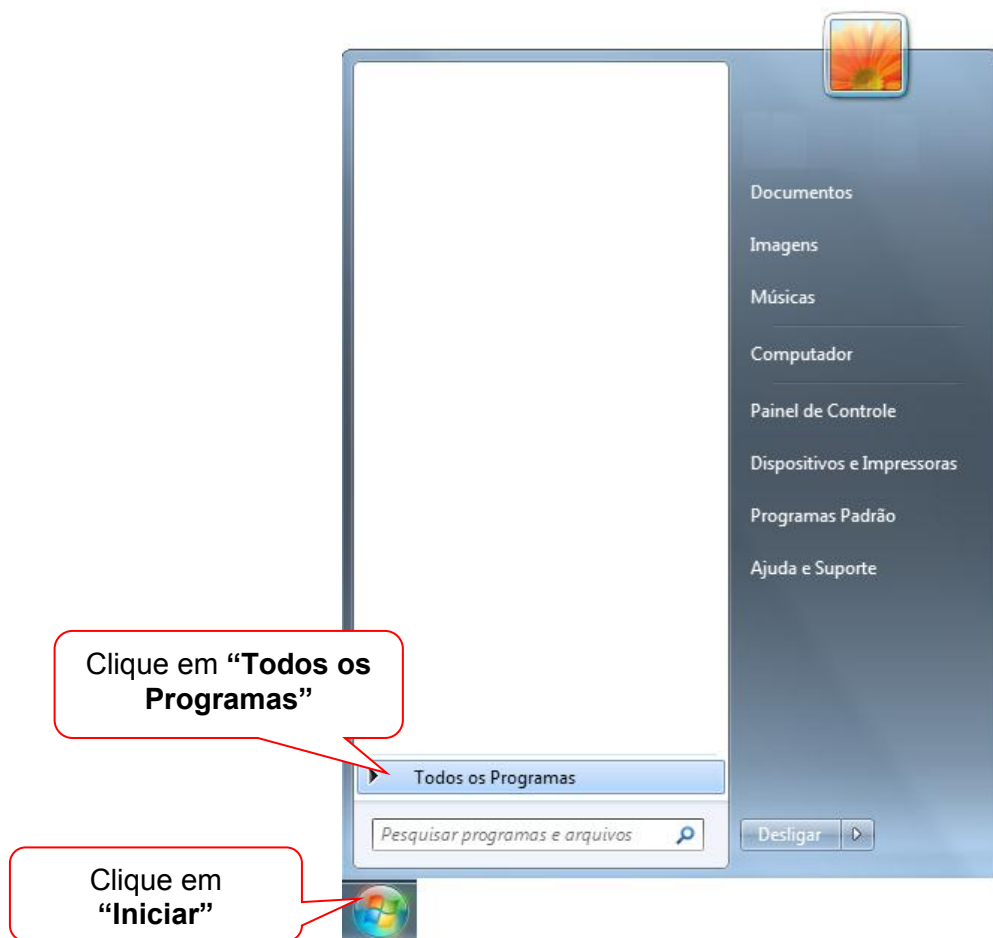

Clique em
“Iniciar”

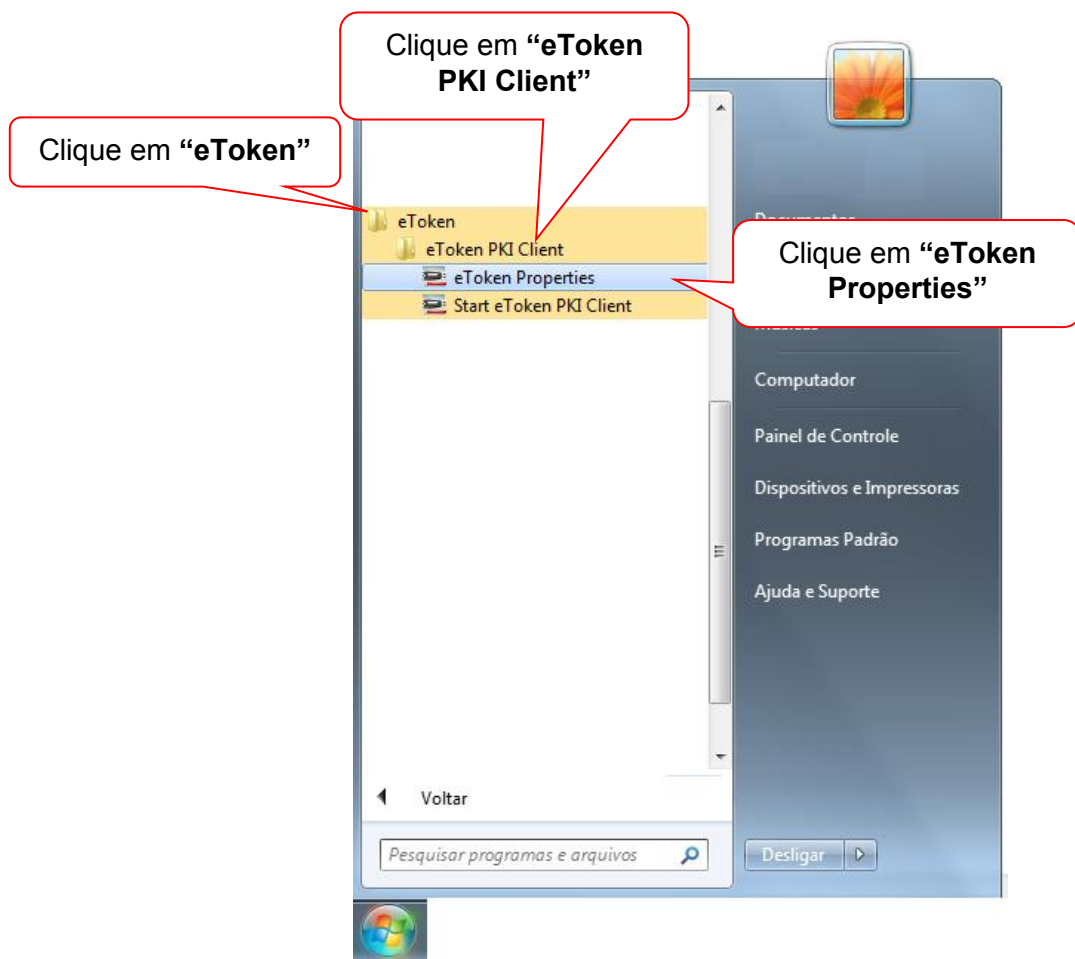

Clique em
